

Neural Networks I  
November 8, 2004  
G. Lendaris

---

**Assignment 5:** Due Monday, November 15, 2004.

Read the section on BAM in NeuralWorks NC-87 to NC-93, and do some experiments with the BAM example, as described on pp NC91-93.

There are a variety of attributes of the model that you can vary, as suggested in the text. "Play" with this, and submit a 1-2 page summary of what you did, and what your experiences with it were.

---

**Assignment 6:** To be handed out Wednesday, November 10th.  
Due Wednesday, November 17, 2004.

Entitled: "PRELIMINARY INFORMATION re. PATTERN RECOGNITION  
COURSE PROJECT and start-up assignment."

---

**Assignment 7:** To be handed out Wednesday, November 17th.  
Due, Wednesday, December 8, 2004.

Entitled: "PATTERN RECOGNITION PROJECT for rest of term."
